

Review of the Session minutes for Crossroads Fellowship (p.c.a.) 8 December 2009

The Session meetings for Crossroads are always opened and closed with a consistent format. To open, one elder prays, then Pastor Mike reads a passage of Scripture which we all meditate on for a few minutes. This time is closed with prayer by Mike. To close, we spend time praying, one after the other, for the needs of the congregation and all things that are on our hearts. In between those times of meditation and prayer we discuss the administration and business of the church. Below is a review of this month's meeting. Please keep in mind that anything confidential or sensitive is not in this public review.

Communicants Class

There is background information on the Communicants Class in the October and November 2009 minutes. Class is scheduled to start on January 17, 2010.

2010 Budget

Pastor Mike is looking into the possibility of setting up an EFT (electronic funds transfer) for the church.

After Sunday, December 20 the Session will look at giving and decide how much money we can send to the Pastor's retirement account since the church has not contributed what was budgeted in 2009.

In the future, Crossroads will send out year-to-date giving summaries in November so that everyone can see what they have contributed to the church that year.
